HELPFUL INSTALLATION HINTS

CAUTION POLARIZE

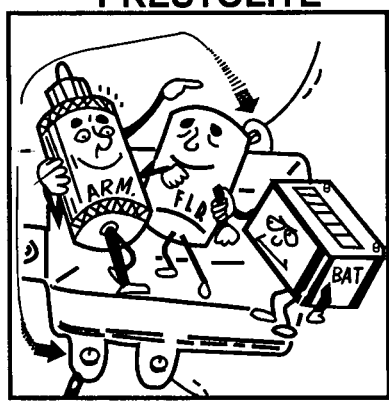

GENERATOR REGULATOR BEFORE
STARTING ENGINE.

DELCO

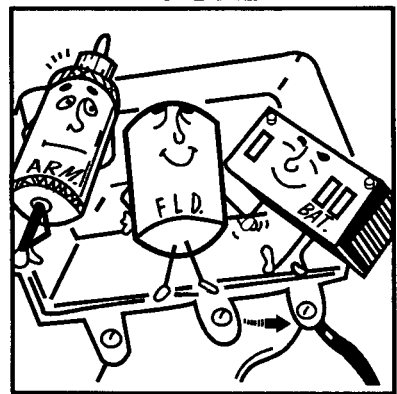

Jump between **BAT** and
GEN. terminals.

PRESTOLITE

Jump between **ARM.**
and **BAT.** Terminals.

FORD

Disconnect **FLD.** Wire and
touch the **BAT.** Terminal with it.

CAUTION ... Double Contact Regulators

Never use a jumper to ground the GEN. Or REG. Field terminal when double contact regulator is used. It will burn the contacts and ruin the regulator.
